## Reducing Our Carbon Footprint

*Green Starts with Energy Conservation.*

**R**estorations Windows has made a commitment to improving the nation's environment. And we're doing it by not only providing energy efficient windows and doors that help conserve our nation's resources, but by also committing to "green" manufacturing principles.

By using technology to minimize scrap and waste, and by being vigilant in recycling items, we're doing the right thing for our country's environment. Restorations Windows provide some of the most energy efficient products; we're also doing our part in helping people save money on their home's heating and cooling costs.

**Something to think about...**

*If all single pane residential windows in the United States were replaced with ENERGY STAR® qualifying models, the nation would save over \$12 billion per year in energy costs.*

## Our FiberCore™ On the Inside

**FiberCore™** Structural Technology FiberCore™ Fiberglass Structural Technology increases the strength and durability of Restorations Windows making them nine times stronger than vinyl windows. And by combining the strength of fiberglass with vinyl's easy maintenance, Restorations Windows are guaranteed not to bow or flex, no matter how extreme the temperature gets.

Vinyl Window

Restorations Windows with FiberCore™ Fiberglass Structural Technology.

Strands of reinforced glass fibers are soaked in resins, then pulled through heated dies to create FiberCore™, which is married to an exterior PVC surface and then fusion welded at the window corners.

## Gives You a Great Look on the Outside

Who wants to replace their existing windows only to find that they have actually lost their view in the process? Our window design offers up to 27% more viewing area than other replacement windows. So when you replace your windows with Restorations you'll benefit from today's technology without compromising your wonderful view.

This data is accurate as of April 16, 2009. Due to ongoing product changes, updated test results, or new industry standards or requirements, this data may change over time. Ratings are for sizes specified by NFRC for testing and certification. Ratings may vary depending on use of tempered glass, different grid and decorative glass options, glass for high altitudes, and coastal applications.

*Restorations Double Hung Windows will restore the essence of traditional beauty to your home.*

*Q4 Quick Lock and Release System™ is standard on all Double Hung Windows. The Q4 System integrates the tilt-in function into the lock lever for a cleaner look.*

### **Double Hung Features**

- FiberCore™ structural sash stiles for maximum strength
- DraftBlock™ triple weather-stripping seals offer the best in draft protection making your home more comfortable
- Coved interior glazing bead adds beauty, while contoured lift rails allow for easy and comfortable operation
- Pre-tensioned, dual pulley Block & Tackle balance system for a lifetime of worry-free operation
- Pick resistant locks provide added security, and ventilation night latches allow you to enjoy a nice breeze without fully opening your window
- Extruded aluminum screen frame with heavy-duty aluminum corners for a lifetime of trouble free performance

*SecureSeal meeting rail features the Q4 Quick Lock and Release System™ and FiberCore™ structural sash rail.*

*UltraCore™ polyurethane insulated windows offer higher resistance to heat and cold providing you with added comfort.*

*Glide into a whole new frame of mind with our superbly designed two or three lite sliding windows.*

### **Sliding Window Features**

- Easy lift out sashes on the traditional sliding windows
- Patented Narrow line window design for greater visible glass area
- FiberCore™ structural sash rails for added strength
- UltraCore™ polyurethane insulated windows offer higher resistance to heat and cold providing you with added comfort
- Coved interior glazing bead for added beauty
- Tandem dual brass rollers with stainless steel axle for easy sliding – Lift Out Only
- Pick resistant locks provide added security
- Ventilation night latches allow safe venting for air flow
- Extruded aluminum screen frames with heavy-duty aluminum corners for a lifetime of worry free performance

*Tan Tilt-In Sliding Window with both sashes tilted in for ease of cleaning.*

*Gain a whole new perspective on beauty with our charming Casement and Awning Windows.*

### **Casement Window Features**

- Beveled exterior design
- Triple weather-stripping for air tight performance
- Adjustable hinge system ensures squareness
- Single lever low profile locking handle
- Multi-point locking system features heavy-duty hardware with up to three locking points for added security

*White Picture and Awning Windows arranged in a beautiful wall of windows.*

*White Casement in a Bow Window featuring Designer Art Glass. Casements can be opened a full 90° for easy cleaning.*

*Standard fold down handle designed to minimize window treatment interference.*

*The handle is designed not to collapse during operation, and screens can be removed without detaching the handle.*

*Open your home up to greater possibilities with our elegant Sliding Door.*

*Beautifully finished key lock provides added security.*

*Provincial Oak Sliding Door with SunBlinds and Forever Finish Brass Handle set.*

### **Sliding Door Features**

- Forever Finish brass handle eliminates chance of tarnishing and pitting
- Three-point locking system for added security and peace of mind
- Optional combination ventilation and dead bolt foot lock for greater security and convenience
- QuadSeal™ weather-stripping provides protection from drafts and offers twice the amount of weather-stripping used on most other doors

*Restorations Sliding Doors are also available in configurations up to twelve feet wide, where the center section slides and the two end sections are stationary.*

*Expand your view  
without compromise  
with a beautiful  
Restorations Bay or  
Bow Window.*

**E**njoy a brand new view of nature's best without compromising your comfort or style. By choosing a Restorations Bay or Bow Window for your favorite room, you'll not only add instant curb appeal from the outside, but also imagine the impressive view from the inside.

*Exterior surface of wood is capped with vinyl for protection against the elements.*

*1 1/8" Oak veneer wood seat, head and jambs is standard.*

*Concealed cable support system for strong and level installation is available.*

*Insulated urethane seat board is available in single and double insulation packages.*

*Ice and water shield barriers protect wood from adverse weather and protects the overall integrity of the bay and bow unit.*

*Fully insulated cavity for maximum efficiency.*

# Blinds & Shades

## Sealed Between the Panes of Glass

Magnetically controlled operator is used on windows with Tilt-Only SunBlinds.

Magnetic operator and cord is used on both Lift & Tilt SunBlinds and SunShades.

# Sheer Screen

Standard Screen

OptiView Screen

We Stand Behind the Window and the Installation.

### Lifetime Non-Prorated Transferable Warranty

Restorations Windows warrants to you, the original purchaser of Restorations Windows, that under normal use this product will be free from defects in material and workmanship for as long as you own or reside in the home in which the windows and patio doors were installed.

**PVC Frame and Sashes – Lifetime Non-Prorated Transferable Warranty**  
The welded corners will never separate. The PVC extrusions will not CHIP, CRACK, DELAMINATE, PEEL, FADE, BLISTER, PIT, or WARP for as long as you live in your home. This warranty is transferable to the next homeowner.

**Hardware – Balances – Other Moving Parts – Lifetime Non-Prorated Transferable Warranty**  
All of the hardware (the balances, the tilt latches, the crank mechanism, the rollers and all other hardware components) is warranted against breaking, cracking, or otherwise failing, for as long as you live in your home. This warranty is transferable to the next homeowner.

**Insulated Glass – Lifetime Non-Prorated Transferable Warranty**  
The insulated glass seal will not fail for as long as you live in your home. Insulated glass with SunBlinds between the panes are also covered for as long as you live in your home. The insulated glass unit is warranted to be free from material obstruction of vision caused by film formation or dirt collection between the interior glass surfaces under Federal Specification DD-G-451C.  
The appearance of condensation or frost on the inside surface of the insulated glass does not indicate a defective seal, or an improper installation, or faulty workmanship. This is a direct result of excess moisture in the house. When transferring the warranty, the second property owner will be entitled to a 50% discount on the cost of a new insulated unit, should the original become defective as a result of the above reasons. However, if the insulated glass unit should fail prior to ten years after the original window or door purchase, the replacement unit will be at no charge.

**Glass Breakage – Lifetime Non-Prorated Warranty**  
If the insulated glass in any Restorations Window installed in your home should break or crack for any reason, then Restorations Windows will provide, at no charge, a new piece of insulated glass.

**Screen – Lifetime Non-Prorated Transferable Warranty**  
The screen frame is warranted against cracking, breaking, warping, or otherwise failing for as long as you live in your home. Fiberglass screen cloth will not tear or rip. If it does, Restorations Windows will provide new fiberglass screen cloth at no charge. This warranty is transferable to the next homeowner.

**Installation**  
Restorations Windows warrants that the Certified Restorations Professional Contractor will install the windows and doors in your home in accordance with Restorations Windows factory recommended installation specifications.

**Condensation**  
The appearance of condensation or frost on either the inside or the outside surface of the insulated glass unit does not indicate a defective seal, or an improper installation, or faulty workmanship. This is a direct result of excess moisture in the house or exterior condensation.

**Procedure**  
Restorations Windows or an authorized representative, reserves the right to inspect any window or door for which a warranty claim is made. Restorations Windows will then forward to the certified Restorations Professional Contractor the warranted parts at no charge. All claims should be made to the Certified Restorations Professional Contractor. In no event shall Restorations Windows be liable for special incidental or consequential damages, or for any delays in the performance of the warranty due to circumstances beyond its control.

**The Fine Print**  
Caulking which is required in most installations, is not covered by this warranty. The only issues which could void this warranty are acts of God, misuse or abuse. For commercial applications, the warranty is limited to 50 years.

**Warranty Transfer**  
This warranty can be transferred to a second homeowner free of charge. Please fill out the warranty transfer card and mail to Restorations Windows.

An Investment that Can Save You Money!

Use these charts to estimate the amount of money you will be spending over the next ten years to heat and cool your home if you do not replace your existing windows. Then, estimate what your potential savings can be when you replace your old windows with new high performance Restorations Windows.

How much do you currently spend to heat and cool your home?

Average Monthly Heat & Cooling Costs	\$150	\$200	\$250	\$300	\$350
Year 1 Cost	\$1,800	\$2,400	\$3,000	\$3,600	\$4,200
Year 2 Cost	\$1,890	\$2,520	\$3,150	\$3,780	\$4,410
Year 3 Cost	\$1,985	\$2,646	\$3,308	\$3,969	\$4,631
Year 4 Cost	\$2,084	\$2,778	\$3,473	\$4,167	\$4,862
Year 5 Cost	\$2,188	\$2,917	\$3,647	\$4,376	\$5,105
Year 6 Cost	\$2,297	\$3,063	\$3,829	\$4,595	\$5,360
Year 7 Cost	\$2,412	\$3,216	\$4,020	\$4,824	\$5,628
Year 8 Cost	\$2,533	\$3,377	\$4,221	\$5,066	\$5,910
Year 9 Cost	\$2,659	\$3,546	\$4,432	\$5,319	\$6,205
Year 10 Cost	\$2,792	\$3,723	\$4,654	\$5,585	\$6,516
<b>Total for 10 Years</b>	<b>\$22,640</b>	<b>\$30,187</b>	<b>\$37,734</b>	<b>\$45,280</b>	<b>\$52,827</b>

How Much Can You Save?

Potential Savings of 20%	\$4,528	\$6,037	\$7,547	\$9,056	\$10,565
Potential Savings of 30%	\$6,792	\$9,056	\$11,320	\$13,584	\$15,848
Potential Savings of 40%	\$9,056	\$12,075	\$15,093	\$18,112	\$21,131
