

Manufacturer's Certification Statement American Taxpayers Relief Act of 2012 Therma-Tru Residential Entry & Patio Doors

Therma-Tru Corp. is a manufacturer of Residential Steel and Fiberglass Entry and Patio Door Systems, headquartered at 1750 Indian Wood Circle, Maumee, Ohio, 43537. Therma-Tru Door Systems are Eligible Building Envelope Components that may qualify for the Residential Energy Efficiency Tax Credit as set forth in the American Taxpayers Relief Act of 2012. In accordance with the Internal Revenue Code (U.S. Code Title 26, Section 25C) and IRS guidelines, Therma-Tru Corp. has determined that the following products may qualify for the federal income tax credits allowed under Section 25C of the Internal Revenue Code.

All Therma-Tru Residential Entry Doors, Sidelites and Patio Doors including **Benchmark by Therma-Tru®**, **Classic-Craft®**, **Fiber-Classic®**, **Smooth-Star®**, **Profiles™** and **Traditions™** brands that meet the 2012 Energy Star criteria, may qualify for the Residential Energy Efficiency Tax Credit.

Therma-Tru products that do not meet the 2012 Energy Star criteria and therefore do not qualify for the Residential Energy Efficiency Tax Credit include the following:

- **Transoms** (glass above the door)
- **Steel edge** doors
- All Fiber-Classic **Designline** (raised panel)
- All products with only a **single-pane** of clear glass
- All **screen vented** products (screen built in the door)
- **Sliding patio doors without Low-E glass**
- All fire doors that are **steel 90 minute rated** or **fiberglass 20 minute rated**
- Doors with **Internal Blinds**, **Augustine®**, **Salinas®**, **Frosted Images®**, **Flush Glazed Bevelline™**, **Florentino™**, or **Clear Glass that are larger than 1,100 square inches, and are without Low-E glass**

For a complete list of Therma-Tru products that qualify for the Residential Energy Efficiency Tax Credit, consult the 2012 Energy Star Qualification Chart at www.thermatru.com.

This Manufacturers Certification Statement is not an assurance that a homeowner will qualify for the tax credit.

Under penalties of perjury, I declare that I have examined this certification statement, and to the best of my knowledge and belief, the facts are true, correct and complete.

A handwritten signature in black ink, appearing to read "K Fink".

Klaus Fink
Vice President, Research, Design and Engineering

IRS guidance indicates that taxpayers are not required to attach the Manufacturer's Certification Statement to their tax returns. Taxpayers should however, retain this Certification as part of their tax records. Therma-Tru Corp. is not a legal or tax advisor. Therma-Tru expressly disclaims any responsibility for determining whether a purchaser will receive the tax credit. Therma-Tru recommends that consumers consult their tax advisors and review IRS guidance, prior to purchasing any door product. For further details on the Residential Energy Efficiency Tax Credit, visit the IRS website.
